

In order to keep everyone healthy, we're kindly requesting that all guests attending the Celebration of Charity comply with the following COVID safety rules:

- **Proof of full COVID-19 vaccination** – if you have been fully vaccinated at least 14 days prior to the Celebration, please email a photo of your card to Celebration22@cccsos.org by 5/2/22 or bring your vaccination card (or photo of it) or NY State Excelsior Pass Wallet and a photo ID to our check-in.
- **Proof of negative COVID test** – if you have not been vaccinated, please provide proof of a negative COVID test completed within 48 hours before the Celebration. Please bring your results with you, as well as a photo ID to our check-in.
- **New York State mask policy** in place at the time of the event will be adhered to at the Celebration.

We truly hope that everyone will comply with these rules but understand if you are unable. In the interest of ensuring the safety of all guests, agency and venue employees, no guest will be admitted to the Celebration without proof of a negative test or full vaccination. Thank you for your understanding and support.
